This picture shows the head of MASTER GOLD-SPUR 1802755. He is Lot 1 in this catalog. Eleven of the cows in the sale will have his calves at foot. Eleven of his sons will be sold and twenty-one of his daughters. He is a potent sire and is good for many more years of service.

## Foreword

---

The offering consists of 15 young brood cows, mostly with good calves by side, 9 bred heifers, 8 open heifers, 12 young bulls, they have been well grown, nearly all ready for service, and our herd bull, Master Goldspur, see him and his get. The offering will be sold in ordinary farm condition. Our cows have been very prolific, ten and one-half to eleven months has been the average time between calving. We are selling some very desirable cows and a choice bunch of heifers. The herd was founded on good cows of leading Scotch families. We could have written extensive footnotes but the herd is very uniform and we did not think it necessary.

Steers from the herd have gone into 4-H work and have been shown at Ohio and Indiana State Fairs and the International at Chicago and have usually been well up in the money.

We are sure you will like the cattle.

Come and spend the day with us.

**Master Goldspur 1802755**—Has done our herd the most good of any bull that we have ever used. He is a compact, thick fleshed bull with a wonderful head and imparts that to his get. I bought him when he was quite young, but I had the privilege to see his dam, grandam and a full sister. They were all uniform in type and very thick fleshed. At the Steva Dispersion Sale his dam went to Maxwalton, their Produce of Cow Show in 1939 was out of this cow and their Summer Yearling Heifer entry was out of this cow in 1940. His pedigree is very desirable and he sires calves of the right type and thick fleshed.
